EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dorothy S. Morse on June 17, 2004.

The application has been amended as follows: page 7, line 3, replace "Fig. 2" with --Fig. 3--; claim 1, page 16, line 10, replace "ouoter" with --outer--; and claim 14, page 18, line 21, replace "an" with --the--.

2. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record neither discloses nor fairly teaches the claimed combination including a plurality of vanes attached to a core structure with progressive separation of approximately three degrees – whereby lowest vanes are substantially horizontally-extending and highest vanes are substantially vertically-extending.

3. This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
